Born of Independence, these are the beginnings of The Griswold Inn, a destination for seafarers and land travelers alike for more than 234 years. Today the "Gris" remains the center of a thriving community, offering a unique experience and a comfortable connection to the past. Visit their taproom where they have many local beers on tap as well as music every night. Be sure to go on Monday nights when they have Sea Shanty night in their Tap Room. It is a must! They've also added a new wine bar with delicious tapas menu. On Wednesday night it is half price wine for ladies. I would suggest making a reservation since the wine bar fills up quickly. To bring you back in time, each staff member at the Griswold Inn, wears 1800's era clothing and if you're lucky enough the quartet might come up and sing to you if you are eating in the main dining room!
